EMERGENCY IMAGING

ORGANISED BY THE WELSH BRANCH

Venue: Cardiff Metropolitan University, Cyncoed Campus

CPD: 11 CREDITS

This course is a two-day introduction and guide to interpretation of emergency department imaging. It is aimed at new consultants, A&E doctors, emergency nurse practitioners, ST1/2 radiology trainees, reporting radiographers and foundation doctors. The lectures will be subdivided by anatomical region.

By the end of the course delegates should be able to:

- Identify a range of injuries and medical conditions presented in the emergency setting
- State the clinical indications for using radiographic imaging in the emergency department
- Apply their knowledge to interpret emergency radiographs with an emphasis of review areas
- Recognise normal and abnormal appearances of commonly performed emergency radiographs
- Explain the management of important and common conditions
- List the potential effects of ionising radiation and have an increased awareness of the laws surrounding medical imaging

THURSDAY 8 SEPTEMBER

09:00 **Registration and refreshments**

09:25 **Introduction**

EMERGENCY IMAGING

ORGANISED BY THE WELSH BRANCH

Venue: Cardiff Metropolitan University, Cyncoed Campus

Cardiff Metropolitan University,
Cyncoed Campus, Cyncoed road, Cardiff,
CF23 6XD

BY BUS

The 52/52A bus travels from the city centre to the Cyncoed campus every 15 minutes during the day, via Albany Road and Penylan Road.

During term time, the U1 MetRider bus travels from Llandaff to the Cyncoed campus every hour.

BY TRAIN

Heath High Level and Heath Low Level railway stations are approximately 25 minutes walk from the Cyncoed campus, serving the area from the Rhymney and Coryton lines.

BY CYCLE

Cardiff benefits from a network of cycle routes, including many traffic-free cycle paths. To plan your journey by bicycle to Cyncoed campus, visit Cycle Streets.
