GENITOURINARY IMAGING UPDATE

ORGANISED BY THE BIR EAST OF ENGLAND BRANCH

Venue: Robinson College, Cambridge

CPD: 6 CREDITS

This event will cover various aspects of urinary tract imaging including anatomy, diagnosis of common pathological conditions with a particular focus on malignancy and image guided intervention. It will highlight several new diagnostic strategies and imaging modalities related to the urinary tract.

In order to make the event more interactive for the delegates, each lecture will be followed by a short Q&A and discussion session.

Educational aims:

- To keep updated on the current knowledge in diagnostic urological radiology, especially oncological imaging
- To keep up-to-date with emerging diagnostic strategies, including prostate cancer diagnosis
- To provide an introduction to image guided intervention in the urinary tract

08:30 Registration and refreshments

09:00 Welcome and introduction
Dr Brendan Koo, Consultant
Interventional Radiologist,
Addenbrooke's Hospital

09:10 Imaging of adrenal lesions - the good, the bad and the ugly
Dr Iztok Caglic, Consultant
Radiologist, Norfolk and
Norwich University Hospitals
NHS Foundation Trust

09:30 Renal imaging - CT imaging of small, incidental renal masses
Dr Brendan Koo, Consultant
Interventional Radiologist,
Addenbrooke's Hospital

10:00 Renal imaging - ultrasound with contrast enhancement
Dr Emma Simpson, Consultant
Radiologist, Brighton and
Sussex University Hospitals
NHS Trust

10:30 Renal imaging - MRI
Dr Michael Gonsalves,
Consultant Radiologist, St
George's University Hospitals
NHS Foundation Trust

11:00 Refreshments

11:30 Renovascular disease - diagnosis and intervention
Dr Brendan Koo, Consultant
Interventional Radiologist,
Addenbrooke's Hospital

11:55 Imaging of renal stone disease
Dr Nicholas Hilliard, Consultant
Radiologist, Cambridge
University Hospitals NHS Trust

12:20 Bladder imaging - staging with MRI
Dr Tristan Barrett, Consultant
Radiologist, Addenbrooke's
Hospital

12:45 Lunch

This course provides 6 CPD credits in accordance with the CPD Scheme of the Royal College of Radiologists

13
OCTOBER
2017

- 13:45 Update on prostate diagnosis**
Dr Amit Patel, Consultant Radiologist, Lister Hospital NHS Trust
- 14:15 Prostate MRI: How I do it and pitfalls**
Dr Tristan Barrett, Consultant Radiologist, Addenbrooke's Hospital
- 14:45 Ultrasound imaging of the testes: When to leave it alone**

GENITOURINARY IMAGING UPDATE

ORGANISED BY THE BIR EAST OF ENGLAND BRANCH

Venue: Robinson College, Cambridge

Robinson College
Grange Road, Cambridge, CB3 9AN

BY BUS:

Two local bus routes service the College: the Citi 4 (to/from Kings Hedges) and the U4 (to/from Addenbrookes). Both go to/from Cambourne. Pick this route up from Silver Street and Brooklands Avenue.

BY TRAIN:

The nearest station is 2 miles away. The fastest trains (the Cambridge Cruiser from King's Cross) take only 48 minutes. Cross country rail services link Cambridge with the Midlands and the North, via Birmingham.

BY CAR:

Robinson College is situated in Grange Road, close to the centre of Cambridge. Grange Road runs between Barton Road and Madingley Road and is parallel to Queens' Road (the 'Backs').

The best way to approach the College by road from the north, south or east is from Junction 12 of the M11.
