LINKING ORTHOPAEDICS AND RADIOLOGY II

THE PLAIN FILM REVISITED: THE UPPER LIMB

Venue: British Dental Association, London

CPD: 5 CREDITS

This meeting will provide attendees with an understanding of the value and methods of measurement in orthopaedic radiology of the upper limb and provide clear linkage between radiographic measurement and orthopaedic practice. Delegates will leave the meeting with the knowledge to describe key radiographic measurement methods for shoulder, elbow, wrist and hand and how to link these with orthopaedic decision-making.

09:30

Registration and refreshments

10:00

Welcome and introduction

Dr Adam Mitchell,
Consultant Radiologist,
Chelsea and Westminster
Hospital

Session 1

Chair: Dr Gajan Rajeswaren,
