

Intelligent imaging

Alliance Medical is Europe's leading independent imaging services provider. In the UK, Alliance Medical has 25 years' experience of delivering a range of diagnostic imaging services for patients. We operate a large network of scanning centres and mobiles scanners across the UK which offer predominantly MRI scanning, but many sites/mobiles also offer a range of other diagnostic modalities including CT, PET/CT, DEXA, X-ray and Ultrasound.

In July 2013, Alliance Medical completed the purchase of Erigal, a leading UK manufacturer of radiotracers, to create the UK's only integrated radiotracer supply and imaging organisation.

For further information please visit www.alliancemedical.co.uk, email info@alliance.co.uk or call 01926 482222.

Dedicated to medical imaging for over 80 years, Guerbet offers a comprehensive range of contrast media and associated medical devices for imaging diagnosis and interventional radiology in major disease area e.g. cardiovascular, cancer, inflammatory and neuro-degenerative diseases.

Please visit www.guerbet.co.uk to learn more about our activities.

MEDICA are the UK's leading provider of teleradiology services. In addition to our Nighthawk Out of Hours CT/MR service, we provide subspecialist reporting for CT, MR, Mammography, CT Colonography, plain film and NM. Our reporting is delivered in the UK by radiologists with a minimum of two years' experience as NHS consultants and within a strict quality framework.

Philips is a diversified health and well-being company and a world leader in healthcare, lifestyle and lighting. Our vision is to make the world healthier and more sustainable through meaningful innovation.

We develop innovative healthcare solutions across the continuum of care, in partnership with clinicians and our customers to improve patient outcomes, provide better value, and expand access to care.

As part of this mission we are committed to fuelling a revolution in imaging solutions, designed to deliver greater collaboration and integration, increased patient focus, and improved economic value. We provide advanced imaging technologies you can count on to make confident and informed clinical decisions, while providing more efficient, more personalised care for patients.

RxEye provides a global collaboration platform enabling easy access to experts and secure data sharing within medical imaging.

Collaborate in a scalable, accessible platform with full control of the workflow. Add new hospitals and specialists to your network fast and smooth. Gain access to other networks and create new collaborations.
