IRMER UPDATE 2018

Venue: etc. venues St Paul's, London

CPD: 5 CREDITS

Building on the success of previous BIR IRMER updates, this event aims to provide an invaluable multi-disciplinary forum in which to hear about current practice and the direction of flow of IRMER. You will hear about the new working parties established to provide guidance on specific aspects of the new regulations – if you don't know what they are – come along and find out!

It provides the opportunity, in a single event, to consider the wide-sweep of IRMER from radiation safety culture to communicating with patients; and along the way hear about what happens when all the CQC inspectors converge on a single site.

Come to this event to network with your colleagues in radiology, physics, and the various government bodies.

Educational aims:

To provide information on the changing shape of IRMER and how it is to be applied in practice; including an opportunity to discuss the wider sphere of influence and involvement of IRMER.

09:00	Registration and refreshments	11:20	Informing patients of radiation risks and benefits Rosemary Cook, Chief Executive Officer, Institute of Physics and Engineering
09:30	Welcome and introduction Peter Hiles, Clinical Physicist and Radiation Protection Adviser, Head of Radiation Physics, Glan Clwyd Hospital	11:45	Assessing quality with ISAS Mrs Chris Woodgate, Lead ISAS Officer, Society College of Radiographers and Royal College of Radiologists
09:35	Developing a radiation safety culture Dawn Phillips, Brilliant Radiology Leader UK and Ireland, GE Healthcare	12:10	Using lead on patients – should you? Philip Cosson, Diagnostic Radiographer and Senior Lecturer, Teesside University
10:00	Auditing radiation safety under IRMER Steve Ebdon-Jackson, Medical Exposures – Special Projects Lead, Public Health England	12:35	Lunch
10:25	Defining significant events Rachael Ward, Inspection Manager IRMER, Care Quality Commission	13:35	IRMER in diagnostic and interventional radiology Peter Riley, Consultant Interventional Radiologist and Interventional Lead, University Hospitals Birmingham NHS Foundation Trust
10:50	Refreshments		

This course provides 5 CPD credits in accordance with the CPD Scheme of the Royal College of Radiologists
