# RADIOLOGY EVENTS AND LEARNING FROM DISCREPANCIES

## ORGANISED BY THE BIR SCOTTISH BRANCH

Venue: 200 St Vincent Street, Glasgow

CPD: 5 credits

This one-day event will cover the very important aspect of safe clinical practice, addressing a wide range of issues related to radiology errors. It includes performance management, human factors, complaints and litigation. Specific topics on errors related to imaging of chest, gastrointestinal and neuroradiology are highlighted.

The event is relevant to radiologists of all grades and subspecialty. It is also of education value to allied health professionals working in radiology department.

Educational aims:

- To bring awareness of root cause and management of radiology errors
- To encourage learning from potential avoidable errors
