HEAD AND NECK ULTRASOUND WORKSHOP

Venue: British Dental Association, London

CPD: 6 CREDITS

This one-day workshop will cover an intuitive approach to ultrasound of the head and neck that can be implemented in daily practice including approach to cervical lymph node, salivary, thyroid, laryngeal and oropharyngeal ultrasound as well as intraoral ultrasound examination and fine-needle aspiration and core biopsy technique.

Educational aims:

- To provide a systematic approach to head and neck ultrasound to implement the correct method in clinical practice
- To gain knowledge on the optimal fine-needle aspiration/core biopsy technique
- To provide practical sessions with experienced radiologists to perfect technique and get feedback

Faculty

Dr Philip Touska, Consultant Radiologist, Guy's and St Thomas' NHS Foundation Trust

Dr Susan Jawad, Consultant Radiologist, University College London Hospitals NHS Foundation Trust

Dr Sophia Otero, Consultant Radiologist, University College London Hospitals NHS Foundation Trust

Dr Neshe Sriskandan, Consultant Radiologist, Guy's and St Thomas' NHS Foundation Trust

Event information

The number of places will be limited so that delegates can experience a more personalised, interactive method of teaching. Early booking is therefore strongly advised.

During the event, delegates will be able to practise their skills on the latest ultrasound equipment to replicate the patient/clinician scenario.

Join us

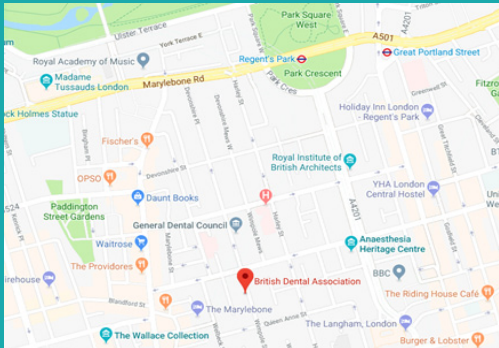

Join the BIR today to benefit from reduced delegate rates for our events.
