The BIR Gynaecology imaging update series: Part 3

Virtual event

CPD: 3 CREDITS

Continuing on from part 1 and 2 of our gynaecology imaging series, part 3 is a half-day virtual event which aims to help bring radiologists up to date with modern imaging techniques in gynae cancer imaging.

Who should attend: Both DGH radiologists who report gynae as a subspecialist interest and teaching hospital radiologists as well as trainees. Radiographers performing Gynae MRI will also find this helpful.

Programme Organiser

Dr Sidath Liyanage, Consultant Radiologist,
Southend University Hospital NHS Foundation
Trust
