

BIR WORLD IMAGING CONGRESS

VIRTUAL EVENT

CPD: 13 CREDITS

Friday 24 February

IELEKA			
	ADIOLOGY		
09:00	President's welcome and introduction		
09:05	Welcome and introduction		
09:10	The case for teleradiology: Why we need it Dr Dan Rose, Chair of the Global Medical Council, Everlight Radiology	EverlightRadiology	
09:30	A day in the life of a teleradiologist: Offshoring from India and a full-time career in teleradiology – can it work? Dr Raju Kalidindi, CEO and Medical Director, Apollo Radiology International		
09:50	A day in the life of a teleradiologist: UK perspective Speaker to be confirmed, Hexarad	HEXARAD RADIOLOGY	
10:10	Panel discussion		
10:40	Break		
	·		
10:55	How to make the best use of teleradiology Speaker to be confirmed, DMC Healthcare	DMC	
11:15	Peer review in teleradiology – managing performance or improving care? Dr Gareth Davies, UK Medical Director and Head of Body Section Europe, Telemedicine Cl	linic TMC a Unilabs company	
11:35	What is the impact of teleradiology and its efficiencies Dr Ashish Bhagat, Co-Founder, Medical Director, and Clinical Advisory Board, Vital Radiology	Pgy Find Radiology Services	
11:55	Teleradiology in mass casualty incidents, is this possible? Dr Daniel West, Consultant Radiologist, Everlight Radiology	erlightRadiology	
12:15	Panel discussion		
12:45	Break		
MASS	CASHAITY / TRAHMA		
	CASUALTY / TRAUMA Mass casualty incident planning: Is your radiology department ready? Learning from the	e evnerience	
13:15	CASUALTY / TRAUMA Mass casualty incident planning: Is your radiology department ready? Learning from th Dr Elizabeth Dick, Consultant Radiologist, Imperial College NHS Foundation Trust	e experience	
	Mass casualty incident planning: Is your radiology department ready? Learning from th	e experience	
13:15 13:35	Mass casualty incident planning: Is your radiology department ready? Learning from th Dr Elizabeth Dick, Consultant Radiologist, Imperial College NHS Foundation Trust Imaging of blast, gunshot injuries and radiology in war zones: Afghanistan	e experience	
13:15	Mass casualty incident planning: Is your radiology department ready? Learning from th Dr Elizabeth Dick, Consultant Radiologist, Imperial College NHS Foundation Trust Imaging of blast, gunshot injuries and radiology in war zones: Afghanistan Dr Philip Coates, Consultant Radiologist, University Hospitals Plymouth NHS Trust Imaging of blast, gunshot injuries and radiology in war zones: Ukraine	n attacks	
13:15 13:35 13:55	Mass casualty incident planning: Is your radiology department ready? Learning from th Dr Elizabeth Dick, Consultant Radiologist, Imperial College NHS Foundation Trust Imaging of blast, gunshot injuries and radiology in war zones: Afghanistan Dr Philip Coates, Consultant Radiologist, University Hospitals Plymouth NHS Trust Imaging of blast, gunshot injuries and radiology in war zones: Ukraine Dr Yurii Antonenko, Radiologist, Kyiv City Clinical Hospital Roles and responsibility of the imaging community in the event of nuclear and radiation	n attacks r and Consultant arla, Dean, Nizam's	
13:15 13:35 13:55 14:15 14:35	Mass casualty incident planning: Is your radiology department ready? Learning from th Dr Elizabeth Dick, Consultant Radiologist, Imperial College NHS Foundation Trust Imaging of blast, gunshot injuries and radiology in war zones: Afghanistan Dr Philip Coates, Consultant Radiologist, University Hospitals Plymouth NHS Trust Imaging of blast, gunshot injuries and radiology in war zones: Ukraine Dr Yurii Antonenko, Radiologist, Kyiv City Clinical Hospital Roles and responsibility of the imaging community in the event of nuclear and radiation Colonel (Dr) Mohammad Naeem, Director, Armed Forces Radiobiology Research Institute Interesting trauma cases from around the world Professor Elizabeth Loney, RCR/BSHNI Travelling Professor and Associate Medical Director Radiologist, Calderdale and Huddersfield NHS Foundation Trust; Professor Rammurti Susa	n attacks r and Consultant arla, Dean, Nizam's	
13:15 13:35 13:55 14:15 14:35	Mass casualty incident planning: Is your radiology department ready? Learning from th Dr Elizabeth Dick, Consultant Radiologist, Imperial College NHS Foundation Trust Imaging of blast, gunshot injuries and radiology in war zones: Afghanistan Dr Philip Coates, Consultant Radiologist, University Hospitals Plymouth NHS Trust Imaging of blast, gunshot injuries and radiology in war zones: Ukraine Dr Yurii Antonenko, Radiologist, Kyiv City Clinical Hospital Roles and responsibility of the imaging community in the event of nuclear and radiation Colonel (Dr) Mohammad Naeem, Director, Armed Forces Radiobiology Research Institute Interesting trauma cases from around the world Professor Elizabeth Loney, RCR/BSHNI Travelling Professor and Associate Medical Director Radiologist, Calderdale and Huddersfield NHS Foundation Trust; Professor Rammurti Susa Institute of Medical Sciences; Dr John Vedelago, Medical Director everlearning, Everlight Panel discussion	n attacks r and Consultant arla, Dean, Nizam's	
13:15 13:35 13:55 14:15 14:35	Mass casualty incident planning: Is your radiology department ready? Learning from th Dr Elizabeth Dick, Consultant Radiologist, Imperial College NHS Foundation Trust Imaging of blast, gunshot injuries and radiology in war zones: Afghanistan Dr Philip Coates, Consultant Radiologist, University Hospitals Plymouth NHS Trust Imaging of blast, gunshot injuries and radiology in war zones: Ukraine Dr Yurii Antonenko, Radiologist, Kyiv City Clinical Hospital Roles and responsibility of the imaging community in the event of nuclear and radiation Colonel (Dr) Mohammad Naeem, Director, Armed Forces Radiobiology Research Institute Interesting trauma cases from around the world Professor Elizabeth Loney, RCR/BSHNI Travelling Professor and Associate Medical Director Radiologist, Calderdale and Huddersfield NHS Foundation Trust; Professor Rammurti Susa Institute of Medical Sciences; Dr John Vedelago, Medical Director everlearning, Everlight	n attacks r and Consultant arla, Dean, Nizam's	
13:15 13:35 13:55 14:15 14:35 15:20	Mass casualty incident planning: Is your radiology department ready? Learning from th Dr Elizabeth Dick, Consultant Radiologist, Imperial College NHS Foundation Trust Imaging of blast, gunshot injuries and radiology in war zones: Afghanistan Dr Philip Coates, Consultant Radiologist, University Hospitals Plymouth NHS Trust Imaging of blast, gunshot injuries and radiology in war zones: Ukraine Dr Yurii Antonenko, Radiologist, Kyiv City Clinical Hospital Roles and responsibility of the imaging community in the event of nuclear and radiation Colonel (Dr) Mohammad Naeem, Director, Armed Forces Radiobiology Research Institute Interesting trauma cases from around the world Professor Elizabeth Loney, RCR/BSHNI Travelling Professor and Associate Medical Director Radiologist, Calderdale and Huddersfield NHS Foundation Trust; Professor Rammurti Susa Institute of Medical Sciences; Dr John Vedelago, Medical Director everlearning, Everlight Panel discussion	n attacks r and Consultant arla, Dean, Nizam's Radiology chsler Chair in Medical Committee, Hadassah ace Medical College, Japan	
13:15 13:35 13:55 14:15 14:35 15:20 15:50	Mass casualty incident planning: Is your radiology department ready? Learning from th Dr Elizabeth Dick, Consultant Radiologist, Imperial College NHS Foundation Trust Imaging of blast, gunshot injuries and radiology in war zones: Afghanistan Dr Philip Coates, Consultant Radiologist, University Hospitals Plymouth NHS Trust Imaging of blast, gunshot injuries and radiology in war zones: Ukraine Dr Yurii Antonenko, Radiologist, Kyiv City Clinical Hospital Roles and responsibility of the imaging community in the event of nuclear and radiation Colonel (Dr) Mohammad Naeem, Director, Armed Forces Radiobiology Research Institute Interesting trauma cases from around the world Professor Elizabeth Loney, RCR/BSHNI Travelling Professor and Associate Medical Director Radiologist, Calderdale and Huddersfield NHS Foundation Trust; Professor Rammurti Susa Institute of Medical Sciences; Dr John Vedelago, Medical Director everlearning, Everlight in Panel discussion Break Key lessons learnt by radiology from the COVID-19 pandemic Professor Emanuele Neri, Professor, University of Pisa; Professor Dorith Shaham, Israel S. Wedelucation, Unit Director of CT and Cardiothoracic Imaging, and Chair of the Clinical Teaching of Medical Center and Hebrew University Faculty of Medicine; Dr Hiroaki Sigiura, National Defer Dr Stanzin Spalkit, Assistant Professor, All India Institute of Medical Sciences; Dr Gilberto Szard	n attacks r and Consultant arla, Dean, Nizam's Radiology chsler Chair in Medical Committee, Hadassah ace Medical College, Japan	
13:15 13:35 13:55 14:15	Mass casualty incident planning: Is your radiology department ready? Learning from th Dr Elizabeth Dick, Consultant Radiologist, Imperial College NHS Foundation Trust Imaging of blast, gunshot injuries and radiology in war zones: Afghanistan Dr Philip Coates, Consultant Radiologist, University Hospitals Plymouth NHS Trust Imaging of blast, gunshot injuries and radiology in war zones: Ukraine Dr Yurii Antonenko, Radiologist, Kyiv City Clinical Hospital Roles and responsibility of the imaging community in the event of nuclear and radiation Colonel (Dr) Mohammad Naeem, Director, Armed Forces Radiobiology Research Institute Interesting trauma cases from around the world Professor Elizabeth Loney, RCR/BSHNI Travelling Professor and Associate Medical Director Radiologist, Calderdale and Huddersfield NHS Foundation Trust; Professor Rammurti Susa Institute of Medical Sciences; Dr John Vedelago, Medical Director everlearning, Everlight Panel discussion Break Key lessons learnt by radiology from the COVID-19 pandemic Professor Emanuele Neri, Professor, University of Pisa; Professor Dorith Shaham, Israel S. Wee Education, Unit Director of CT and Cardiothoracic Imaging, and Chair of the Clinical Teaching of Medical Center and Hebrew University Faculty of Medicine; Dr Hiroaki Sigiura, National Defer Dr Stanzin Spalkit, Assistant Professor, All India Institute of Medical Sciences; Dr Gilberto Szari Professor, Albert Einstein Israelite Hospital and University of São Paulo.	n attacks r and Consultant arla, Dean, Nizam's Radiology chsler Chair in Medical Committee, Hadassah ace Medical College, Japan	

Saturday 25 February

	ay 15 i coi adi y	
IMAGING ACROSS WORLD ECONOMIES		
09:00	President's welcome and introduction	
09:05	Welcome and introduction	
1:10	Radiology in the era of value-based healthcare Professor Adrian Brady, President, European Society of Radiology	
09:30	Cancer imaging in Brazil — cost and facilities Dr Rubens Chojniak, Head of Imaging, Brazilian College of Radiology	
09:50	Demand and supply of imaging services in India Dr Pushpraj Bhatele, President, Indian Radiological and Imaging Association	
10:10	Getting-It-Right-First-Time Speaker to be confirmed	
10:30	Panel discussion	
10:50	Break	
10:55	How to improve access to medical imaging in low- and middle-income countries? Professor Rifat Atun, Professor of Global Health Systems, Harvard T.H. Chan School of Public Health	
11:15	Innovation in diagnostic imaging Speaker to be confirmed	
11:35	Medical devices and technologies — is there anything that is not possible? Dr Ebrahim Kader, President, Radiological Society of South Africa	
1 1:55	The essence of collaborative working Professor Gerald Antoch, Past-President, German Radiology Society	
12:15	Panel discussion	
12:35	Break	

IMAGING EDUCATION AND TRAINING ACROSS THE WORLD

13:05	Radiology and global health: Interprofessional collaboration in educational initiatives Dr Melissa Davis, Vice Chair of Medical Informatics and Assistant Professor, Department of Radiology and Biomedical Imaging, Yale University; Dr Suzgo Mzumara, Consultant Radiologist and Head of Department, Kamuzu Central Hospital
13:25	Striving for training, research and innovation Professor Avnesh Thakor, Associate Professor of Radiology, Stanford University
13:45	Curriculum and examinations — how to ensure competencies? Dr Sanjay Jeganathan, President, The Royal Australian and New Zealand College of Radiologists
14:05	Radiology training and development in Saudi Arabia Speaker to be confirmed
14:25	Panel discussion

14:45	Break	
15:00	Global online education experience in 122 countries Dr Bhavya Rehani, Co-Founder and President, Health4TheWorld, and Associate Professor, University of California	
15:20	Developing scope of practice of radiographers and technologists Dr Napapong Pongnapang, President, International Society of Radiographers and Radiological Technicians	
15:40	Artificial intelligence in low- and middle-income countries: Innovating global health radiology Speaker to be confirmed	
16:00	Al medical imaging in China: Now and future Professor Shiyuan Liu, President, Chinese Society of Radiology	
16:20	Panel discussion	
16:40	Closing remarks	

BIR WORLD IMAGING CONGRESS

With sincere thanks to our platinum sponsors
