Presidents welcome

It is my great privilege and pleasure to welcome you to the UK Radiation Oncology Congress 2013.

UKRO is the major national Radiation Oncology conference, pulling together healthcare professionals of many disciplines to share experiences and knowledge and to meet others in our specialist field.

We are all having to adapt to living in a changing world; one in which we are going to have to ‘do more with less’. It would be all too easy to assume that an inevitable outcome of this is that activities which relate to development of tomorrows answers will be casualties of the resource squeeze. I do not believe that this needs to be the case. This conference is therefore structured around the fundamental premise that, resource constraints notwithstanding, as professionals we can continue to develop our processes and practices. By doing so we will stay at the forefront of our profession, be able to deliver a good service and ensure we have careers/occupations which are interesting, effective and rewarding.

The strap line of this conference is “The Four I’s of Radiotherapy”: Implementation, Integration, Innovation and Inspiration – a play on words on the fundamental principles supporting radiotherapy. With these themes running through the meeting we are expecting an exciting conference that will encompass the recent service developments across the UK, the drive for multi-disciplinary working, the exciting prospects that research topics continue to offer and to celebrate the ‘can-do’ attitude of our professions.

The theme of integration continues by offering an education and update programme for radiotherapy nurses and another for dosimetrists, radiotherapy technicians and engineers, providing an education and integration forum for contemporary radiotherapy.

I am delighted that we will be hearing from many radiotherapy leaders who will be sharing their visions of the future. For example: one topical issue is whether or not we should image regularly during a procedure. There is going to be a ‘no-holds barred’ debate, arguing the case for and against this. Understanding this issue is going to be pivotal for the effective delivery of our service.

We have timed this conference to ensure the best attendance of the industry’s key suppliers. This will offer you an unparalleled opportunity to see the equipment and technologies available today and have a foretaste of what will be coming tomorrow. There is little doubt that we live in a changing world, where yesterday’s unthinkable is only a heartbeat away from tomorrow’s inevitable. This conference offers an unmissable opportunity to listen to an inspirational group of thinkers who can show us the different ways of working that will ensure that we meet the objectives I outlined above. I very much hope you will be able to attend an event that is going to be instrumental in helping us all understand the future shape of our profession and the service we can offer our patients.

I look forward to meeting you in Nottingham in October.

Dr Donna Routsis
President UKRO 2013

Conference mobile App

The new free UKRO mobile App will be available to download from the App store on your device soon. The App will feature the latest programme information, exhibitor listings, abstracts, speakers, travel information and much much more.

Call for Posters - deadline

Wednesday 31st July

UK Radiation and Oncology conference 2013 is accepting submissions. For full details please visit www.ukro.org.uk

NEW for 2013

Nurses and Clinical Tecnologists, two separate one-day courses, including attendance at main sessions plus specialist master classes to offer you the most relevant and up-to-date learning in your practice.
Why should I attend?

- Add to your CPD portfolio
- Learn about the latest in clinical and practice developments from renowned industry speakers
- Visit the trade exhibition to obtain literature and information, watch demonstrations and learn about new products and services
- Meet, network and exchange ideas with over 300 other radiation oncology professionals
- Develop new skills and share knowledge through interactive workshops
- Benefit from excellent networking opportunities at social events
- Low registration fees and accommodation rates

Who should attend?

The event will attract over 300 delegates working in radiation oncology including:

- Clinical oncologists
- Clinical radiobiologists
- Clinical scientists
- Clinical technologists
- Dosimetrists
- Lecturers and academics
- Medical students
- Oncology nurses
- Radiotherapy physicists
- Research fellows
- Therapeutic radiographers

Conference sponsors

Gold sponsor

Varian Medical Systems, Inc., of Palo Alto, California, is the world’s leading manufacturer of medical devices and software for treating cancer and other medical conditions with radiotherapy, radiosurgery, and brachytherapy. The company supplies informatics software for managing comprehensive cancer clinics, radiotherapy centers and medical oncology practices. Varian is a premier supplier of tubes and digital detectors for X-ray imaging in medical, scientific, and industrial applications and also supplies X-ray imaging products for cargo screening and industrial inspection. Varian Medical Systems employs over 6,200 people, located at manufacturing sites, sales and support offices worldwide.

www.varian.com

Gold sponsor

Elekta is a human care company pioneering significant innovations and clinical solutions for treating cancer and brain disorders. The company develops sophisticated, state-of-the-art tools and treatment planning systems for radiation therapy, radiosurgery and brachytherapy, as well as workflow enhancing software systems across the spectrum of cancer care. Stretching the boundaries of science and technology, providing intelligent and resource-efficient solutions that offer confidence to both healthcare providers and patients, Elekta aims to improve, prolong and even save patient lives.

Today, Elekta solutions in oncology and neurosurgery are used in over 6,000 hospitals worldwide. Elekta employs around 3,400 employees globally. The corporate headquarters is located in Stockholm, Sweden, and the company is listed on the Nordic Exchange under the ticker EKTAb.

Monday 21 October

08.45 Registration, refreshments, exhibition and poster viewing

PLENARY SESSION – national radiotherapy situation update
09.30 Congress welcome and introduction
Dr Donna Routsis, President, UKRO
Professor Andy Beavis, Castle Hill Hospital, Hull and East Yorkshire NHS Trust

09.40 National NRAG/NRIG workstreams update
(IMRT, IGRT and SBRT/SABR)
Setting the scene: Michael Williams, Consultant Oncologist, Cambridge University Hospital Trust
IMRT, Dr Carl Rowbottom, Consultant Physicist, The Christie NHS Foundation Trust
IGRT, Tim Cooper, Delivery Director - Acute Care, NHSIQ Delivery Team
SABR/SBRT, Matthew Hatton, Consultant and Honorary Reader in Oncology, Weston Park Hospital

10.40 Radiotherapy Innovation fund
Sara Osborne, Head of Policy Department, Cancer Research UK
Dr Adrian Crellin, Consultant Clinical Oncologist (former Co-chair of NRIG), Leeds Teaching Hospitals NHS Trust

11.20 Lunch, exhibition and poster viewing

PARALLEL SESSIONS B – Innovations and trials
All below sessions will include short presentations from proffered papers

14.25 How the 4I’s have improved radiotherapy
Professor Rock Mackie, Director of Medical Devices, Morgridge Institute for Research, University of Wisconsin

15.10 Clinical trials: current and future needs
Dr John Stafforth, Clinical Senior Lecturer, University of Cardiff (invited)
Elizabeth Miles, NCRI Radiotherapy Trials QA Group (RTTQA) Co-ordinator, Mount Vernon Hospital

15.10 Imaging: technological innovations
New method for 4dct acquisition and analysis
Professor Daniel A. Low Ph.D, Professor and Vice Chair of Physics
David Geffen School of Medicine, UCLA
James F. Dempsey, Ph.D. Chief Scientific Officer, Viewray, Ohio

16.30 Final refreshments, exhibition and poster session

Tuesday 22 October

08.00 Registration, exhibition and poster viewing

08.00 Elekta satellite symposium: The convergence of conventional radiotherapy with advanced stereotactic precision

09.00 Gamma analysis
Professor Daniel A. Low Ph.D, Professor and Vice Chair of Physics, David Geffen School of Medicine, UCLA

09.00 Contact radiotherapy/Papillon
Professor A Sun Myint, Lead Clinician in Papillon, President of International Contact Radiotherapy Society

09.00 Intraoperative breast radiotherapy
Professor Jeffrey Tobias, University College Hospital

09.00 van Herk equation – the practicalities
Dr Donna Routsis, Addenbrookes Hospital, Cambridge University NHS Trust

09.00 COAST - update
Raj Jenna, Addenbrookes Hospital, Cambridge University NHS Trust
## 21-23 October 2013
### Nottingham, East Midlands Conference Centre

The 4 ‘I’s of radiotherapy - Implementation • Integration • Innovation • Inspiration

[www.ukro.org.uk](http://www.ukro.org.uk)

### PLENARY SESSION

**10.10** Martine Jackson Memorial Lecture (SCoR): Fit to practice?
Professor Angela Duxbury, Deputy Head, Department of Allied Health Professions, Faculty of Health and Wellbeing, Sheffield Hallam University

**10.50** Refreshments, exhibition and poster viewing

### PARALLEL SESSIONS D – Data errors and you

**11.30** What are we learning from radiotherapy errors?
Professor, Sasa Mutic, PhD, Professor, Washington University School of Medicine St. Louis, Missouri
Professor Tommy Knöös, Professor, Lund University, Chair of ESTRO Physics Committee
Steve Ebdon-Jackson, Head, Medical Exposure Department, CRCE, Public Health England

**12.45** Lunch, exhibition and poster viewing

### PLENARY SESSION

**14.00** BIR Silvanus Thompson Memorial Lecture 2014 Award: Protocol Deviations: The Case for Radiotherapy Trials QA
Edwin Aird, Previous (retired) Head of Medical Physics, Mount Vernon Hospital

**14.40** DEBATE: Is daily imaging needed? Yes or no.
**Chair:** Tommy Knöös, Professor, Lund University, Chair of ESTRO Physics Committee
Panel members:
- June Dean, Radiographer, Addenbrookes Hospital, Cambridge University Hospital NHS Foundation Trust
- Dr Ranald Mackay, Director, Christie Medical Physics and Engineering (CMPE)
- Dr Ann Henry, Consultant Clinical Oncologist, Leeds Teaching Hospitals NHS Trust
- Professor Rock Mackie, Director of Medical Devices, Morgridge Institute for Research, University of Wisconsin

**15.40** Refreshments, exhibition and poster viewing

### PARALLEL SESSIONS E – Physics and imaging

**16.15** Changing the philosophy of physics quality control
Dr Carl Rowbottom, Consultant Physicist, The Christie NHS Foundation Trust
Dr Catharine Clark, Consultant Physicist, Royal Surrey County Hospital and Principal Research Scientist, National Physical Laboratory

**19.30** Conference dinner, Trent Building

### Wednesday 23 October

### PARALLEL SESSIONS F – Innovations

**08.45** Image guided radiotherapy – Innovations
June Dean, Radiographer, Addenbrookes Hospital, Cambridge University Hospital NHS Foundation Trust
Andrew Reilly, Consultant Clinical Scientist, The Clatterbridge Cancer Centre NHS Foundation Trust

**09.20** Stereotactic Ablative Radiotherapy (SABR)
Gail Distefano, Principal Clinical Scientist, Royal Surrey County Hospital NHS Foundation Trust
Angela Baker, Lead Research and Development Radiographer, The Clatterbridge Cancer Centre NHS Foundation Trust

**10.00** Refreshments, exhibition and poster viewing

### PARALLEL SESSIONS G - Inspiration for tomorrow

**10.45** Translational research
Tim Maughan, Oxford University (invited)

**11.30** Adaptive radiotherapy
Dr. Maria A. Hawkins, MRC Clinical Group Leader/Honorary Consultant Clinical, Oncologist Gray Institute for Radiation Oncology and Biology, Department of Oncology, University of Oxford

**12.15** Management of data
Professor Sasa Mutic, PhD, Professor, Washington University School of Medicine St. Louis, Missouri

**12.05** ROC session

**13.00** Close of conference
NEW for 2013, Two one-day specialist conferences

**Monday 21 October**
One-day conference for Clinical Technologists

1. The organiser of UKRO 2013 is Profile Productions Ltd, Northumberland House, Popes Lane, London W5 4NG.
2. Registrations can only be accepted on receipt of a completed registration form and full payment. Completion of this registration form constitutes a legally binding agreement to pay any fees associated with registration including any associated cancellation fees as detailed in points 12 & 13. You must sign agreeing to the terms and conditions in order for your booking to be processed.
3. Your place is not guaranteed until you have received confirmation and joining instructions from Profile Productions Ltd.
4. Confirmation will be sent to you within 14 working days of receiving your booking.
5. Profile Productions Ltd. cannot be held responsible should your registration form not being received.
6. It is your responsibility to contact us to ensure your place is booked.
7. All invoices must be paid within 21 days of the invoice date and before the conference commences. Failure to arrange payment before the conference may result in your place being cancelled.
8. Any delegates registering within 28 days of the event MUST include a valid credit card for payment on the registration form.
9. The delegate is responsible for ensuring payment to Profile Productions Ltd. has been made.
10. Any delegate arriving at the conference with an outstanding payment will be asked to provide payment to ensure entry.
11. Registration fees include VAT @ the prevailing rate, lunch, refreshments and conference materials.
12. Cancellations will only be accepted in writing. Cancellations received on any paid or unpaid invoices on or prior to 27 August 2013 will be refunded subject to a £45 administration fee.
13. Cancellations received after 27 August 2013 will not be refunded and any unpaid invoices are still liable for full payment. However substitutions will be accepted at any time, please notify the organisers in writing of any name changes.
14. Any delegate registered to attend, who for whatever reason may not be able to attend the conference, is still liable for payment as per the cancellation policy in points 12 and 13.

I confirm I have read and agree to the terms and conditions of booking.

Date

Please return this form to: Profile Productions Ltd, Northumberland House, Popes Lane, London W5 4NG
Tel: +44(0) 20 8832 7311 Fax: +44(0) 20 8832 7301 Email: ukro@profileproductions.co.uk
The exhibition
The exhibition is a vital element of the event and will feature over 30 exhibitors providing delegates with the opportunity to explore and compare a vast array of products, services and suppliers.
Delegates are encouraged to take the time during the conference to visit the exhibitors, as without their support the conference would not be possible.
A list of confirmed exhibitors can be found on www.ukro.org.uk

Social events
This year’s social programme promises delegates a relaxing environment in which to network and have fun with friends and colleagues.

Welcome reception, Sunday 20 October, Orchard Hotel
The UKRO Official Conference Welcome Reception will be held at the Orchard Hotel adjacent to the EMCC. Delegates are invited to this informal evening to network, relax and have fun and meet with other delegates. A drinks reception and buffet will be provided.
Tickets are £15.

Conference dinner, Tuesday 22 October, Trent Building
The conference dinner will be held in the stunning surroundings of the Senate Chamber at the Trent Building on the University of Nottingham campus. Located at the highest point of University Park, the Trent Building’s clock tower is visible from miles around with views across Highfield’s Boating Lake and a large lawned area. The external façade, courtyard area and internal furnishings are truly decadent. Tickets are £45 which includes a drinks reception, three course meal with wine and entertainment.

East Midlands Conference Centre (EMCC)
The East Midlands Conference Centre is located just two miles from the centre of Nottingham and offers excellent, flexible facilities for conferences, exhibitions and events including a 850 seat auditorium and numerous breakout rooms. For further information please visit www.deverevenues.co.uk

Accommodation
Adjacent to the EMCC is the newly built Orchard Hotel. With over 200 bedrooms, this eco-friendly hotel has been designed to maximise the use of natural daylight and features rooftop terraces, floor-to-ceiling windows and unique contemporary decor throughout.
We have negotiated a special rate of just £70 per room per night on a bed and breakfast basis. Delegates can book accommodation direct with the hotel by calling +44(0) 115 876 0862/3 or email emcc@deverevenues.co.uk and quoting ‘UKRO 2013’.

Getting to the EMCC

By Car
Leave the M1 motorway at junction 25 and follow the A52 signposted to Nottingham. After approximately 4.4 miles turn right at the roundabout (Toby Carvery) onto the A6464 Woodside Road. Turn left at the next roundabout to enter the University of Nottingham’s West Entrance. The EMCC is situated on Beeston Road, which is the main loop road through the campus.

By Rail
The nearest stations to the EMCC are Beeston Station and Nottingham. There are over 30 direct trains that travel between St Pancras and Nottingham on a daily basis. Visit www.nationalrail.co.uk or phone 08457 484950 for further information.

By Air
From East Midlands Airport, the EMCC is just 14 miles away via the M1 North leaving at junction 25 and following the A52. There is also the regular Skylink Nottingham bus, leaving directly from the airport directed to Broad Marsh Bus Station. Alight at Beeston, which is the stop for the main University campus, a few minutes walk from the entrance to the East Midlands Conference Centre.
